Up on the roof

```
          G                    Em
1. When this old world starts getting me down,
         C                   D              G
   and people are just too much for me to face.
                        Em
  I climb way up to the top of the stairs,
       C                  D              G
   and all my cares just drift right into space.

    C
   On the roof, it's peaceful as can be,
         G               Em                C   - D
   and there the world below can't bother me.
   - - - - - - - - - - - - - -
   Let me tell you now...

         G                      Em
2. When I come home feelin'   tired and beat
     C                D                  G
  I go up where the air is fresh and sweet (up on the roof).
                       Em
   I get away from the hustling crowd,
       C                  D                  G
   and all that rat-race noise down in the street (up on the roof).

   C
  On the roof's the only place I know,
           G               Em              C        D
   where you just have to wish to make it so. Let's go
   - - - - - - - G
   up on the roof (up on the roof) !

   G - Em - C - D - G

      C
   At night the stars put on a show for free,
         G                 Em             C    - D
   and, darling, you can share it all with me.
   - - - - - - - - - - - - -
   I keep a-tellin' you

    G                        Em
3. Right smack dab in the middle of town
         C            D                  G
   I've found a paradise that's trouble proof (up on the roof).
                           Em
   And if this world starts getting you down,
           C                  D              G
   there's room enough for two up on the roof (up on the roof).
                Em
   Up on the roo-oo-oof (up on the roof),
                  G
   oh, come on, baby (up on the roof),
                 Em
   oh, come on, honey (up on the roof),
                  G
   everything is all right (up on the roof)....
