

Don't Go Away – Oasis (1997)

(Intro as verse)

[Am] [G] [Fadd9] [G] [Dm]

(x2)

[Am] A cold and frosty morning there's [G] not a lot to say,
About the [Fadd9] things caught in my [Dm] mind. [Fadd9]

[Am] As the day was dawning my [G] plane flew away,
With all the [Fadd9] things caught in my [Dm] mind. [Fadd9]

[F] And I don't wanna be there when you're [Am] coming down,

[F] And I don't wanna be there when you [G] hit the ground.

[C] So don't go away, [G] say what you say.

But [Am] say that you'll stay, for[G]ever and a day.

In the [F] time of my life, cos I need more [G] time.

Yes, I [Am] need more [G] time just to make things [F] right.

[Am] Damn my situation and the games I have [G] to play,
With all the [Fadd9] things caught in my [G] mind. [Fadd9]

[Am] Damn my education I can't [G] find the words to say,
About the [Fadd9] things caught in my [G] mind. [Fadd9]

[F] And I don't wanna be there when you're [Am] coming down,

[F] And I don't wanna be there when you [G] hit the ground.

So [G] don't go [C] away, say what you [G] say

But say that you'll [Am] stay, forever and a [G] day

In the time of my [F] life cos I need more [G] time

[G] Yes, I need more [Am] time just to [G] make things [F] right. [Fm]

[Fm] Me and you what's going on.

(Refrain) [C] [G] [Am]

[F] All we seem to know is how to [Fm] show the feelings that are wrong.

(Refrain) [C] [G] [Am], [G] [F] [G]

So don't go [C] away, say what you [G] say.

But say that you'll [Am] stay, forever and a [G] day.

In the time of my [F] life cos I need more [G] time.

Yes, I need more [Am] time just to [G] make things [F] right.

So don't go [C] away, say what you [G] say.

But say that you'll [Am] stay, forever and a [G] day.

In the time of my [F] life cos I need more [G] time.

Yes, I need more [Am] time just to [G] make things [F] right.

Yes, I need more [Am] time just to [G] make things [F] right.

Yes, I need more [Am] time just to [G] make things [F] right.

Yes, I need more [Am] time just to [G] make things [F] right. [G]

So, don't go [C] away.
