This Place – Jamie Webster (2020)

(*Intro*) **[C] [C] [C] [C], [F] [F] [F] [F]**

[C] This place is where I'm from. Familiar faces and the accent's like a song.
[C] Cos I've been **[F]** travelling places that I don't belong **[F]**
And **[C]** spending days of being a stranger.
[C] Times lost when you're out of range, **[F]** without the hustle and bustle,
[F] And it all seems quite deranged.

*But **[G]** when I think about the birds and George's hall,*
*And **[F]** when they tried to knock us down and we stood up tall,*
*This **[G]** city will forever be me saving grace. So, no **[F]** matter where I am,*
[F]** I'll raise a glass to **[C]** this place. **[C] [C]
***[C]** So, raise a glass to **[F]** this place.*

[C] This place has cries and screams.
[C] But there's plenty of people building hopes and **[F]** dreams.
So, **[F]** here's to the ones working behind the scenes,
And **[C]** gives me a smile, gives me a shiver, when I think of being stood on the **[F]** river.
[F] Everyone's on the take, but this place she's a giver.

*So, if **[G]** you're feeling sick and tired of the games you play.*
***[F]** Have a look at where you are, it's another day.*
*At **[G]** least you're not a divvy in a bib and brace. You're **[F]** ahead of the pace,*
[F]** And you owe it all to **[C]** this place. **[C] [C]
[C]** So, raise a glass to **[F]** this place. **[F]

[F] You owe it **[C]** all to **[Am]** this place. It's **[G]** all I know.
It's **[F]** raining in the summer and there's **[G]** February snow.
The **[Am]** night goes on forever. There's **[G]** loads of gaffs to go
If you **[F]** ask me how I'm feelin' **[G]** I'll tell you to-**[C]**morrow. **[C] [C]**

(*Outro*)
[C] My city, my people, my heart. My city, my people, my heart.
[F] My city, my people, my heart. My city, my people, my heart.
[C] My city, my people, my heart. My city, my people, my heart.
[F] My city, my people, my heart. My city, my people, my heart.
(**[F]** Raise your glass to **[C]** this place.)
[C] My city, my people, my heart. My city, my people, my heart.
(**[F]** Raise your glass to **[C]** this place.)
[F] My city, my people, my heart. My city, my people, my heart.
(**[F]** Raise your glass to **[C]** this place.)
[C] My city, my people, my heart. My city, my people, my heart.
(**[C]** Raise your glass to **[F]** this place.)

[F] My city, my people, my heart. My city, I owe it all to **[C]** this place.
