True Faith – New Order (1986)

(*Intro as chorus*) **[Am][C][G], [G][D][Am],**
[Am][C][G], [G][D][Am], [Am][C][G], [G][F]

[Am] I feel so extra-**[F]**ord-**[G]**inary. **[Em]** Something's got a **[G]** hold on me.
[Am] I get this feeling **[F]** I'm in **[G]** motion. **[Em]** A sudden sense of **[G]** liber-**[D]**ty.
[Am] I don't care, cos **[G]** I'm not there, **[F]** and I don't care if I'm **[Em]** here tomorrow.
[G] Again and again I've **[F]** taken too much,
[Em] Of all the things that **[E7]** cost you too much.

[Am] I used to think that the [C] day would never [G] come
[G] I'd see delight in the [D] shade of the morning [Am] sun
[Am] My morning sun is the [C] drug that brings me [G] near
[G] To the childhood I [D] lost, replaced by [Am] fear
[Am] I used to think that the [C] day would never [G] come
[G] That my life would [F] depend on the morning sun

[Am] When I was a **[F]** very **[G]** small boy, **[Em]** very small boys **[G]** talked to me.
[Am] Now that we've grown **[F]** up **[G]** together,
[Em] They're afraid of **[G]** what they **[D]** see
[Am] That's the price that **[G]** we all pay and the **[F]** value of destiny **[Em]** comes to nothing.
[G] I can't tell you **[F]** where we're going
[Em] I guess there was just no way of **[E7]** knowing

[Am] I used to think that the [C] day would never [G] come
[G] I'd see delight in the [D] shade of the morning [Am] sun
[Am] My morning sun is the [C] drug that brings me [G] near
[G] To the childhood I [D] lost, replaced by [Am] fear
[Am] I used to think that the [C] day would never [G] come
[G] That my life would [F] depend on the morning sun

(*Refrain*) **[G] [D], [G] [D], [G] [Em] [E7]**

[Am] I feel so extra-**[F]**ord-**[G]**inary. **[Em]** Something's got a **[G]** hold on me.
[Am] I get this feeling **[F]** I'm in **[G]** motion. **[Em]** A sudden sense of **[G]** liber-**[D]**ty.
[Am] The chances are we've **[G]** gone too far
[F] You took my time and **[Em]** you took my money
[G] Now I fear you've **[F]** left me standing, **[Em]** in a world that's **[E7]** so demanding.

[Am] I used to think that the [C] day would never [G] come
[G] I'd see delight in the [D] shade of the morning [Am] sun
[Am] My morning sun is the [C] drug that brings me [G] near
[G] To the childhood I [D] lost, replaced by [Am] fear
[Am] I used to think that the [C] day would never [G] come
[G] That my life would [F] depend on the morning sun. [Am]
